

12/4/11

Dear Girls,

Often times we do not know how gifted and talented we are let alone come to realize it through working with others. I hope you were able step outside yourselves for just a moment and come to the same conclusion as I did. You are all amazing. Not only do you have so much to offer you are willing to offer your talents to benefit others.

Please allow me to share what I observed. I saw you welcome each in a positive, upbeat and energetic fashion. Not only were you sharing your expertise concerning nails, you were pampering some well deserved caregivers with hand massages, paraffin and kindness. One of you even offered some tips concerning which basket contained the hair products that best matched the needs of the caregiver. I think I was most proud when I saw several of you literally cheering for "your caregiver" when their name was called for a door prize.

Caregiver Day at Nativity could not have been a success without you. Some of these people are completely overwhelmed. One individual shared that she had not been out of her house to do anything for herself in years.

I hope you were better able to understand your potential. People like you make a positive difference in the lives of others. Please know how much I personally, the Health Care Ministry, and our parish appreciates all you did.

*Sincerely,
Rose McKevitt*
