## Middle Bucks Institute of Technology

Week 26 Lesson Plan for 02-28-22

Level 200

Program: Multimedia Technology

Teacher: James Davey

From PDE POS	Standard	Demonstrate knowledge	Using these methods to learn	How am I evaluated?
<ul> <li>602 Develop a storyboard and shotlist.</li> <li>701 Create and manage a production schedule.</li> <li>603 Import and/or transfer media into editing software.</li> </ul>		<ul><li>Filmmaking Production</li><li>Lighting</li><li>Blocking</li></ul>	Filmmaking Production Schedule  Submit shot breakdown & production schedule Submit a storyboard  Classroom scene — blocking  Lighting and RED assessment  Shoot a scene (primary angle only)	Project milestone     Blog rubric
<ul> <li>302 Describe the principles of Color Theory (including: Lighting Design, Color Themes, Psychology)</li> <li>607 Identify types of microphones and pickup patterns.</li> <li>303 Describe the principles of Motion (including: Pan, Tilt, Zoom, Dolly Truck, Arc,</li> </ul>		Client—live event— video Lighting safety Sound acquisition — line level from board and other Selecting camera angle, lenses and recording media. Directing & coordinating shots  Filmmaking Production Rehearsal	Multicamera Production —Corporate Staging Set up and operate 3-camera ISO ID and place microphones for effective capture Light the presenter for IMAG  Filmmaking Production —Prop Movie Rehearsals Studio Scenic design and build-out Ingest RED footage and color grade	
<ul> <li>Pedestal).</li> <li>305 Describe the principles of Visual Composition (including: Rule of Thirds, 180 rule, Framing, Depth of Field, Angles, Balance, Hierarchy).</li> <li>306 Apply basic principles of composition/field of view.</li> <li>608 Apply story-telling concepts to a project.</li> <li>609 Distinguish frame rates.</li> <li>610 Demonstrate the proper operation of a video camera.</li> <li>611 Apply white balance procedures to the production environment.</li> </ul>		Filmmaking Production  Lighting  RED camera operation  Field of view / framing  Blocking and timing  Casting  Staging and props  Color theory and scene design  Color grading	Filmmaking • Run the production — Classroom scene  Homework: Wednesday blog  Homework: Friday Journal blog	
	<ul> <li>701 Create and manage a production schedule.</li> <li>603 Import and/or transfer media into editing software.</li> <li>302 Describe the principles of Color Theory (including: Lighting Design, Color Themes, Psychology)</li> <li>607 Identify types of microphones and pickup patterns.</li> <li>303 Describe the principles of Motion (including: Pan, Tilt, Zoom, Dolly Truck, Arc, Pedestal).</li> <li>305 Describe the principles of Visual Composition (including: Rule of Thirds, 180 rule, Framing, Depth of Field, Angles, Balance, Hierarchy).</li> <li>306 Apply basic principles of composition/field of view.</li> <li>608 Apply story-telling concepts to a project.</li> <li>609 Distinguish frame rates.</li> <li>610 Demonstrate the proper operation of a video camera.</li> <li>611 Apply white balance procedures to the</li> </ul>	<ul> <li>602 Develop a storyboard and shotlist.</li> <li>701 Create and manage a production schedule.</li> <li>603 Import and/or transfer media into editing software.</li> <li>302 Describe the principles of Color Theory (including: Lighting Design, Color Themes, Psychology)</li> <li>607 Identify types of microphones and pickup patterns.</li> <li>303 Describe the principles of Motion (including: Pan, Tilt, Zoom, Dolly Truck, Arc, Pedestal).</li> <li>305 Describe the principles of Visual Composition (including: Rule of Thirds, 180 rule, Framing, Depth of Field, Angles, Balance, Hierarchy).</li> <li>306 Apply basic principles of composition/field of view.</li> <li>608 Apply story-telling concepts to a project.</li> <li>609 Distinguish frame rates.</li> <li>610 Demonstrate the proper operation of a video camera.</li> <li>611 Apply white balance procedures to the production environment.</li> </ul>	<ul> <li>602 Develop a storyboard and shotlist.</li> <li>701 Create and manage a production schedule.</li> <li>603 Import and/or transfer media into editing software.</li> <li>302 Describe the principles of Color Theory (including: Lighting Design, Color Themes, Psychology)</li> <li>607 Identify types of microphones and pickup patterns.</li> <li>303 Describe the principles of Motion (including: Pan, Tilt, Zoom, Dolly Truck, Arc, Pedestal).</li> <li>305 Describe the principles of Visual Composition (including: Rule of Thirds, 180 rule, Framing, Depth of Field, Angles, Balance, Hierarchy).</li> <li>306 Apply basic principles of composition/field of view.</li> <li>608 Apply story-telling concepts to a project.</li> <li>609 Distinguish frame rates.</li> <li>610 Demonstrate the procedures to the production environment.</li> </ul>	<ul> <li>602 Develop a storyboard and shotlist.</li> <li>701 Create and manage a production schedule.</li> <li>603 Import and/or transfer media into editing software.</li> <li>302 Describe the principles of Color Theory (including: Lighting Design, Color Themes, Psychology)</li> <li>607 Identify types of microphones and pickup patterns.</li> <li>303 Describe the principles of Motion (including: Pan, Tilt, Zoom, Dolly Truck, Arc, Pedestal).</li> <li>305 Describe the principles of Visual Composition (including: Rule of Thirds, 180 rule, Framing, Depth of Field, Angles, Balance, Hierarchy).</li> <li>306 Apply basic principles of composition/field of view.</li> <li>608 Apply story-telling concepts to a project.</li> <li>609 Apply white balance procedures to the production environment.</li> <li>611 Apply white balance procedures to the production environment.</li> <li>612 Ighting and timing blocking and scene design</li> <li>62 Lighting and timing blocking and timing a blocking and timing blocking and scene design</li> <li>614 Apply white balance procedures to the production environment.</li> <li>615 Demonstrate the proper operation of a video camera.</li> <li>616 Apply white balance procedures to the production environment.</li> <li>617 Demonstrate the proper operation of a video camera.</li> <li>618 Apply white balance procedures to the production environment.</li> </ul>
