

Program Area: _____

Date: March, 2022

The Occupational Advisory Committee has reviewed the curriculum including the program scope, standards & objectives and curriculum maps and made recommendations* where it felt necessary.

Consequently, it is the consensus of this occupational advisory committee that:

- 1 The occupations defined in the program scope and standards & objectives are consistent with industry needs;
2. The competency list is valid (i.e. contains those competencies which are essential to entry level employment); and
3. The curriculum remains in effect for the next school year.

OAC Chairperson Signature

- ❖ Note: all changes or modifications to the curriculum documents **MUST** be made in red on one set of the documents. The revised curriculum documents must be returned to Nancy Doster by **March 26, 2022**
