Middle Bucks Institute of Technology- Capital Needs Assessment

Study Background: Middle Bucks Institute of Technology (MBIT) authorized Bustamante Engineers, Inc. to conduct a Capital Needs Assessment for its facility to determine the condition of the building(s) including major components such as, site components, building façade, roofs, interior systems, mechanical systems, HVAC, electrical systems as well as other elements of the facility, in order to establish an inventory of items and a preliminary funding plan for the future. Initial inspection of components at MBIT took place in 2019. The original report was submitted in August 2019 for the school's fiscal year running from July 1-June 30.

Cost Derivation: Costs provided in the spreadsheet take into account documentation that was presented to us, historical construction costs in the region, 2020 RSMeans costs, and the Bustamante Engineering Database. Below are recent sources of documentation that were made available to review.

Component Estimate	Source of Information
Pavement Evaluation- 2018	Gilmore & Associates
Roof Survey Report- 2016	Roof System Consultants
Roofing Bids- 2017 & 2020	MBIT

Certain components such as roofing materials as listed in the 2019 report have drastically increased in cost. It is important to note that 3% compounded inflation has been incorporated into the 2021 analysis along with appropriate increases to components.

Contingency Description: Per professional estimating standards the estimates provided are classified between level 1 & 2 (class 4 and 5) depending on familiarity/experience with components. The budget estimation based on class 5 of classification practices can range from -30% to +50%. Class 4 classification ranges from -15% to +30%. From our experience with construction related to the components at MBIT along with the variation of the two classes, we provide tabulation for +25% contingency. For reference, refer to the Comparison of Classification Practices table.

COMPARISON OF CLASSIFICATION PRACTICES

Figures 3a through 3c provide a comparison of the estimate classification practices of various firms, organizations, and published sources against one another and against the guideline classifications. These tables permits users to benchmark their own classification practices.

USAC ADDENDUM TO WINDSTREAM SERVICE TERMS AND CONDITIONS
FOR E-RATE PROGRAM APPLICANTS

This Addendum is entered between Windstream ("WIN") and MIDDLE BUCKS INSTITUTE OF TECHNOLOGY ("Customer") and amends the Windstream Service Agreement ("Agreement") entered between WIN and Customer ("Parties").

Because the Customer is a USAC E-Rate Program applicant, the Agreement is amended as follows:

1. Please indicate Customer's Billed Entity Number ("BEN"):

BEN: _____

2. A new section, **Installation Before Funding Decision**, is added to the Agreement:

WIN recognizes that Customer's ability to satisfy its obligations under this Agreement is dependent upon the receipt of funding from USAC, and the Parties have agreed to enter into this Agreement prior to receiving a funding decision. If Customer desires for WIN to proceed with installation of Services, or construction if applicable, prior to receipt of a funding decision, Customer must indicate its request below. Absent an affirmative response from Customer, WIN will not start installation or construction until after Customer and WIN receive a funding decision. Customer understands and agrees that if it chooses to have WIN proceed with installation or construction prior to receipt of a funding decision, and Customer does not receive funding, Customer shall be subject to the full termination liability as described in the **Effect of Termination** section of the Agreement in the event it terminates this Agreement.

Customer requests that WIN proceed with installation or construction prior to receipt of a funding decision.

____ YES ____ NO

3. A new section, **USAC Funding Denial**, is added to the Agreement:

In the event USAC funding is denied after first having been approved, and WIN has then installed the Services, Customer shall be obligated to pay 100% of the charges for the Services; however, if such funding is denied wholly and directly due to WIN's actions or inactions, Customer may continue to pay the discounted rate for the remainder of the applicable funding year. Prior to the end of that funding year, the Parties will renegotiate pricing and Customer will have the option to either continue under the Agreement with the renegotiated pricing or re-bid the Services and re-apply for funding with USAC. WIN reserves the right to terminate for non-payment in accordance with Section 10 of the Agreement if Customer fails to pay the full amount owed for the Services.

The Agreement noted above and this Addendum constitutes the Parties' entire agreement. To the extent there is a conflict between this Addendum and the Agreement, this Addendum controls.

This Addendum may be executed in several counterparts, and all counterparts so executed shall constitute one binding agreement on the Parties hereto and each executed counterpart shall be deemed an original. Facsimile signatures shall be accepted as valid and binding for all purposes.

WIN and Customer each aver that the signatories to this Addendum below have authority to sign this Addendum.

Handwritten modifications to this Addendum are not binding on either WIN or Customer.
