

FOR IMMEDIATE RELEASE:

National Technical Honor Society at Middle Bucks Institute of Technology Inducts a record thirty-seven New Students!

Jamison, PA –Middle Bucks Institute of Technology (MBIT) Chapter of the National Technical Honor Society (NTHS) inducted a record thirty-seven new student members. The mission of the NTHS is to honor student achievement and leadership in career and technical education, promote educational excellence, award scholarships, and enhance career opportunities for the NTHS membership.

Nomination into the National Technical Honor Society is an important achievement for select students. Society membership is a valuable investment, the highest award of excellence in workforce education in America. To qualify for nomination at MBIT, students must be nominated by a professional staff member, maintain an “A” average in his/her technical area, maintain a 3.4 average or better in all academic areas, be a 200 level student or higher, exhibit good character and leadership, have a discipline record with no detentions or suspensions throughout previous and current school years, plan to pursue a career or college major in their technical field of study, and have demonstrated community service experiences. The students inducted into the National Technical Honor Society include:

“MBIT was honored and thrilled to accept our largest class of inductees into the National Technical Honor Society in our ceremony held on April 27. Career technical education is the intersection of high quality academics and superior technical instruction, and these students have mastered both. We look forward to seeing these young adults excel in their college and career choices”.- Administrative Director Mark Covelle, Ed. D.

In addition, Dr. Janice Solkov was inducted as an honorary member of the Middle Bucks NTHS. The status of honorary membership recognizes a supporter who has played an important role in developing a strong community partnership.

Dr. Jan Solkov. was Chair of the MBIT school's Executive Council for two years. and also serves on the Local Advisory Council as a member, and recently as Vice Chair, and Chair. Dr. Solkov has a background in education as a teacher, principal, central office administrator, college professor, school board member, co-founder of a dual language school, and education consultant.

“It was a tremendous honor to be inducted into the National Technical Honor Society of MBIT. The ceremony celebrated excellence in all aspects of the education that students experience at the school. Listening to what these students have planned for their futures as each one's name was called, I felt honored to be surrounded by young men and women who achieve at such high levels. MBIT truly prepares our young people for tomorrow's world”! Stated Dr. Janice Solkov

About Middle Bucks Institute of Technology

Middle Bucks Institute of Technology (MBIT) offers twenty-one career pathways, all geared towards preparing students to meet the needs of High Demand Occupations in Pennsylvania, while enhancing the academic program for all students. In addition, MBIT students can earn nationally recognized certifications and college advanced credits. MBIT services students from the Centennial, Central Bucks, Council Rock, and New Hope-Solebury School Districts. Learn more by visiting www.mbit.org.
