RE: Urine Drug Testing

Due: September 20, 2021

In order for a student to participate in the Patient Care Technician Certification Program, clinical sites that have a relationship with Middle Bucks Institute of Technology require a mandatory urine drug test. If the test is not conducted or is not satisfactory, the student will not be participating in the Patient Care Technician Certification Program.

What this means:

- 1- The students must have a urine drug test.
- 2- A paper, from the lab or doctor's office showing the date of the test must be given to me no later than TBD (See Note above).
- 3- Once you have the results, a copy of that must be brought into school or be faxed to 215-491-2697.
- 4- Failure to hand in the paperwork on time or pass the test will eliminate your son/daughter from any clinical experiences for the entire school year.
- 5- Depending on your insurance, you will need to call you family doctor for a referral to go to LabCorp or Quest labs. Grand View Workplace Health offers the testing for \$57. No insurance accepted. Contact them at 215-453-4941 to schedule.

What the test must include:

Marijuana	Methamphetamines	Buprenorphine
Cocaine	Amphetamines	Methadone
Opiates	Benzodiazepine	
Oxycodone	MDMA	

Please sign and return this section:

I _____ have received the urine screening information
(printed parent/guardian name)
for _____
(son or daughters printed name)

(Parent/Guardian signature) (Date)

(Student signature – only if student is 18 years of age or older) (Date)
